SUBJECT: A dynamic new video [PREVIEW IT AT NO CHARGE]

Danny Hicks will be in a wheelchair for the rest of his life because he was a drunk driver's passenger. Lori Isom is a 43-year-old widow; her husband was killed by a drunk driver. George Murphy's daughter was a 24-year-old pedestrian at a July Fourth parade when she was struck and killed by a drunk driver. Denny Pryor lost his 18-year-old son to a drunk driver. George Heroux is a lawyer and victim advocate who has assisted hundreds of family members whose sons, daughters, mothers, fathers or spouses have been killed or seriously injured by drunk drivers.

All five of those mentioned above are very experienced speakers. Now they are on a VHS cassette and DVD with studio-produced presentations for use by Victim Impact Panels, high school assembly organizers, or driver education instructors whether there is a need for one speaker, several speakers or all five speakers. The cassette is also a valuable library asset. This videocassette or DVD is available for \$79 (but only \$30 for high schools) (which includes the cost of shipping) from Victim Impact Speakers.
